REMARKS/ARGUMENTS

The Examiner is thanked for the Final Official Action dated August 4, 2006. This amendment is intended to be fully responsive thereto.

Claims 1-4, 6-13, and 15-22 have been cancelled. Claims 27, originally rejected under 35 U.S.C. 112 as being indefinite, has been amended to overcome such rejection, as well as to delete the term 'heating radiator heating fluid' and correctly reflect the term - heat transfer fluid- for which there is antecedent base in allowable claim 5, and claim 27 is now thought to be in condition for allowance.

Claims 23, 24 and 26 now depend on allowable claim 5, and, therefore, are also in condition for allowance.

Allowable Subject Matter

Claim 5 and 14 have been deemed by the Examiner as allowable subject matter. Claim 27 has been amended to be in correct dependent form with correct antecedent bases. Dependent claims 14, 23, 24, 26 and 27 are, therefore, also in condition for allowance.

No new matter has been added.

Summary

It is respectfully submitted that claims 5, 14, 23, 24, 26 and 27 in their current form, are in condition for allowance. Should the Examiner believe further discussion regarding the above claim language would expedite prosecution, please be invited to contact the undersigned at the number listed below.

Respectfully submitted,

By:
